

Fixed Price Leasing (fully inclusive)

Maximise your profits with a Merrychef high speed oven, to speed up service and deliver consistent hot food on demand.

Spread your equipment costs across affordable monthly payments that include a maintenance package with extended warranty, unlimited service calls and scheduled preventative maintenance checks, plus connectivity.

- ✓ Choose a lease term that suits your business from 3 to 5 years, with a 24 hour response time from call out, across 5 or 7 days a week. For complete peace of mind, accidental cover can also be included.
- ✓ Enjoy a free subscription to Welbilt KitchenConnect® for the full duration of your lease, increases operational efficiency by monitoring the performance of all your ovens and developing and pushing menus to them remotely.
- ✓ Stay ahead of the latest technology by renewing your lease at the end of the term and upgrading to the newest Merrychef models.
- ✓ Get the best equipment, with one affordable monthly payment, no upfront investment, and no hidden fees for servicing.

Frequently asked questions

Q: Why lease?

A: Get market leading equipment while preserving your cash flow.

Q: Do my payments increase if inflation or interest rates rise?

A: No. Your monthly payment is fixed at the start of the lease so are unaffected by rate rises. This enables you to budget your cash flow more accurately. As inflation rises, because your payments are fixed, the cost of the equipment reduces in real terms.

Q: How do I make payments?

A: All payments are mainly made by Direct Debit on the same date each month.

Q: Is leasing tax-efficient?

A: Yes. Payments can be offset against your tax liabilities. Speak to an accountant for more information about tax efficient leasing.

Q: Is a deposit required?

A: No. The first payment is due one week after installation. A deposit is optional on request.

Q: Can anyone lease?

A: Limited companies only, subject to eligibility and approval.
